

Westatlantic Tech Corp is a leading supplier of pipes through wall sealing hardware.

Westatlantic Class products such as Puddle flanges, strap to a pipe or a connecting segment of pipe that cast in a concrete wall with the pipe. Stainless steel straps fasten the EDPM puddle flange to the pipe or pipe sleeve. The flange prevents pressing water or gas from passing through the barrier along the pipe OD.

Puddle flanges fit all American and International pipe sizes.

d <sub>pipe</sub> [mm]	Ø range of installation kit [mm]	D <sub>1</sub> [mm]
20	20-24	16
